

Inverter using outdoor power supply

Overview

The phrase “power inverter” sounds kind of sci-fi at first. Almost like something you'd hear on a television show, or in the movies—“I can't transport the rest of the crew until I've had a chance to fix the power inverter, Captain”. But, in reality, it's a tool, not unlike a power drill. But how, exactly, does an inverter, well, invert?

Without getting ultra-technical, the easy answer is that most of the electronic gadgets we have. Once you start looking around for an inverter to take out camping, there are some things you will want to take into consideration before pulling the trigger on this portable power station. From size and capacity, length of stay in the outdoors, to durability and. I recently went winter camping with CJ and he owns the Goal Zero 200x and I owned the Jackery 240. CJ has a Escapod Teardrop trailer and. Did you know?

Camping inverters come in solar powered options, lithium-ion rechargeable battery options and even gas/propane options. Each have their strong points and each will perform differently. Considering your power needs with the right inverter.
